

How to do.....

Harvest Words Search

See how many words you can make from the letters of the word HARVEST.

You will need:

The template letters

Scissors

A pen or pencil

Colours or other things to decorate the letters (optional)

What to do:

1. If you want to, decorate the letters.
2. Cut out the letters along the marked dotted lines so you have 7 rectangles, each with a letter in it.
3. Move the letters around to make words (you don't have to use all the letters in a word.) We found words like a, at, the, have..
4. Write the words on the 8th rectangle. See how many you can make – there are lots! Use another piece of paper if you need to.
