

How to do.....

Super Hero Teddy

We all know that our teddies can be super heroes. Mine has been with me a long time now, as you can tell. But he has looked after me when I have been ill or scared. Today he is wearing his super hero clothes.

You will need:

Your own super hero teddy, or rabbit, or doll.
Whatever you would like to dress her in.

What to do:

1. You know what your super hero should look like. I have made mine a special decoration for his tee shirt and a cloak. But use what you have for your special hero.

Special note for fragile bears:

If your bear is too delicate to be dressed up, you could dress or colour in the bear template on the website.
