

Martha and Mary biscuits

Martha and Mary were sisters but like all sisters they sometimes fall out so I have decorated my biscuits to show one happy face and one unhappy face. I made my biscuits but you may like to use some that were in the cupboard.

You will need:

A packet of plain biscuits or some you have made yourself. They need to be flat and if possible round.

Icing made with icing sugar and a little bit of water.

A piping bag.

Small sweets or other cake decorations.

What to do:

1. If you have made your own biscuits make sure they are cold before you start.
2. Mix the icing sugar with a very small amount of water so that it is not runny.
3. Put the icing into the piping bag.
4. Use the icing to draw eyes and a mouth onto the biscuits, remember to make the faces different. Then decorate with the sweets and other decorations.
5. Once you have shown us your biscuits on 'tea and toast' enjoy eating them.
